

Abstract

A pharmaceutical composition comprising:

- 5 (a) an antihistaminically-effective amount of epinastine or a pharmaceutically acceptable salt thereof;
- (b) a decongestant-effective amount of pseudoephedrine or a pharmaceutically acceptable salt thereof;
- (c) methylephedrine or a pharmaceutically acceptable salt thereof, and
- (d) a pharmaceutically acceptable carrier or excipient.
- 10 wherein the composition does not comprise Belladonna.
